Terrific, thanks Donna! Ksenija will follow up with Betty Ann. I think it would be good to touch base before the tour just to provide Betty Ann with more background on our efforts to-date. Thanks again, Nicole

Hi Nicole. Thanks so much for the opportunity to tour the [Ex. 6 Personal Privacy (PP)] facility. Betty Ann Quinn who is one of our senior toxicologists would like to join you for your tour of the [Ex. 6 Personal Privacy (PP)]. She will meet you at the facility. Please let her know if she needs any special instruction for the visit.

Subject: May 16: Another Tire Crumb Site Visit in [Ex. 6 Personal Privacy (PP)] Interested in attending?

Hi John and Donna,

As you know from my email of April 26 (attached), a small group of us from EPA, CDC, and CPSC will be visiting the [Ex. 6 Personal Privacy (PP)] on May 12. Space is limited for that tour. However, we will be visiting a second processing facility in your [Ex. 6 Personal Privacy (PP)] on Monday, May 16 - [Ex. 6 Personal Privacy (PP)]. The facility can accommodate a larger group, so we would like to invite you and any of your staff to attend, if it is of interest. We expect to arrive at the facility at approximately 11:00am, and we expect the tour to conclude at approximately 1:00pm.

If you or any from your staff would like to join us for the May 16 tour of the Ex. 6 Personal Privacy (PP) please let us know by COB Tuesday, May 10.

As a reminder, the purpose of both visits is to support the *Federal Research Action Plan on the Use of Tire Crumb in Playing Fields and Playgrounds*. (see: www.epa.gov/tirecrumb). The tours will enable to the study researchers to observe and learn about the tire crumb manufacturing process and to provide an opportunity to ask questions about the source and variability of tires, processing technologies, and other variabilities in the manufacturing process.

We'd be happy talk with you more if you have any questions.

Thank you,

Nicole Villamizar
